Ventripoint Announces Extension and Up Size of Non-Brokered Convertible Debenture Unit Private Placement

Toronto, Ontario, October 3, 2025 – Ventripoint Diagnostics Ltd. (“**Ventripoint**” or the “**Corporation**”, TSXV:VPT) announces that it will seek approval of TSX Venture Exchange (“**TSXV**” or the “**Exchange**”) to extend its previously announced non-brokered private placement (“**Offering**”) of unsecured convertible debentures (“**Debentures**”) to November 2, 2025. (See press releases dated August 26, 2025 and September 3, 2025).

Ventripoint also announces that it will seek approval of the TSXV to increase the size of the Offering from \$500,000 to \$560,000.

Each Unit is comprised: of one (1) unsecured convertible debenture principal amount of \$1,000 (“**Debentures**”) convertible into common shares (“**Common Shares**”) of the Corporation; and 9,000 common share purchase warrants (“**Warrants**”).

The Debentures are convertible into Common Shares of the Corporation at the option of the holder at any time prior to maturity at a conversion price of \$0.11 per Common Share (the “**Conversion Price**”). Each whole Warrant will entitle the holder thereof to purchase one (1) Common Share at a price of \$0.14 until December 31, 2027.

The Debentures mature December 31, 2027 and bear interest at the rate of ten per cent (10%) payable semi-annually in arrears in either cash or at the option of the Corporation by issuance of Common Shares at a 20-day VWAP market price, determined at time of payment, subject to Exchange approval.

The Corporation will use the proceeds of the Offering to fund operational costs related sales and marketing, additional key personnel, and general working capital purposes.

All securities issued and issuable pursuant to the Offering are subject to a hold period of four months plus one day from the date of closing of the Offering. The Offering is subject to final approval by the Exchange.

The securities offered will not be registered under the U.S. Securities Act of 1933, as amended, and may not be offered or sold in the United States absent a registration statement or an applicable exemption from the registration requirements. The press release shall not constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of the securities in any State in which such offer, solicitation or sale would be unlawful.

About Ventripoint Diagnostics Ltd.

Ventripoint has become an industry leader in the application of AI (Artificial Intelligence) to echocardiography. Ventripoint's VMS+ products are powered by its proprietary knowledge-based reconstruction technology, which is the result of a decade of development and provides accurate volumetric cardiac measurements equivalent to MRI. This affordable, gold-standard alternative allows cardiologists greater confidence in the management of their patients. Providing better care to patients serves as a springboard and basic standard for all of Ventripoint's products that guide our future developments. In addition, VMS+ is versatile and can be used with all ultrasound systems from any vendor supported by regulatory market approvals in the U.S., Europe and Canada.
